- V. **Freedom Bus Disposal:**
Waupaca Taxi provided Leah with an e-mail noting the disrepair of the Freedom Bus. *Motion made by Carl Kietzmann to request disposal of the Freedom Bus from WisDOT, seconded by Ron Johnston, Motion Carried.*
- VI. **5310 Vehicle Application – Make the Ride Happen – Nick Musson**
Nick updated the members on the 5310 Vehicle Application. Nick stated that there are 25 – 30 riders in need of transportation from Waupaca to Valley Packaging in both the morning and evening for employment services. Nick has been working closely with Valley Packaging and Make the Ride Happen for long-term solutions. Nick is requesting support from the Waupaca County Transportation Coordinating Committee for the 5310 Grant application by Make the Ride Happen for 2 vehicles and Operating Expenses for the purpose of assisting Waupaca County residents with transportation to and from employment services. DHHS confirmed that a separate 5310 Grant application for operating expenses would not interfere with DHHS' own 5310 Operating Expenses Grant application. Nick confirmed that the two 5310 Grant applications covering the same operating area would not interfere with one another as they are two separate project goals. Chairperson Murphy noted that support from the DHHS Director was necessary in order to formally

support Make the Ride Happen's 5310 Grant application via a letter submitted to WisDOT. Leah to update DHHS Director and follow-up with Chairperson Murphy with possible letter of support.

VII. 5310 Vehicle Ownership & Responsibility Transfer – Leah Klein

Leah communicated that during the 5310 on-site review that the possibility was discussed of transferring ownership and the 5310 Grant vehicles from DHHS to the individual Lessee's and severing the Subrecipient –Lessee relationship. City of New London, Veteran's Home, and City of Waupaca would all need to become 5310 Subrecipients. Leah has been getting direction on this process from WisDOT. This discussion will be continued on the next September meeting's agenda.

VIII. 85.21 Program Update & Considerations – Leah Klein

Leah mentioned that Quarterly Ridership Report numbers are still in the process of being updated for accuracy and will be emailed to members for review when they are finalized. Leah discussed with members the considerations for Volunteer Driver Program sustainability, ways to seek additional funding, possible solutions for growing interest and use of the program. Leah noted that over 100 individual riders have been added to the database since Dec. 1, 2017. The program has hit capacity with DHHS contributing additional tax levy. Leah requesting members of the Committee to continue to consider all possibilities and brainstorm diversified funding for the 85.21 Volunteer Driver Transportation Program.

IX. 5-Year Transportation Coordination Plan Goal Review – Leah Klein

Leah noted that during the May 2018 Transportation Coordinating Committee, member Carl Schulte requested the Coordination Plan Goals be standing agenda items so the Committee would not lose sight of them. Goals briefly reviewed.
