CHILD SUPPORT AGENCY

Diane L. Meulemans.....Administrator
811 Harding St., Waupaca 54981(715) 258-6448

This agency obtains, monitors, and enforces child support orders in cases where parents are separated, divorced, unmarried or when children are placed in out-of-home placements. When children and caregivers receive public funds (Medical Assistance, Wisconsin Shares, Child Care or Wisconsin Works), the agency attempts to increase household income through the payment of support to reduce reliance on public benefits. If a parent does not receive public assistance, the parent may apply for agency services free of charge. When a child is born to parents who are not married, this agency will commence a paternity action to legally determine a child's father and to recover expenses related to the child's birth from the father. The Child Support Agency reviews support orders for modification, and pursues unpaid support through administrative and judicial actions including liens, income withholding, money judgments, and intercept of State and Federal tax income refunds.

COUNTY BOARD OF SUPERVISORS

The governing body and center of Wisconsin county government is the County Board of Supervisors, whose members are elected for a two-year term, from districts apportioned according to population. The maximum size of Boards is set forth by state law, based on county population every census year. Waupaca County Board is divided into districts. A one man, one-vote concept.

Each County Board adopts a set of rules by which it conducts its affairs. The Board selects a chairperson, vice chairperson, and highway committee at the organizational meeting in April. The chairperson and an appointed committee select members for other committees.

The County Board operates primarily through the committee system, which handles matters presented to the Board. The Board may or may not follow committee recommendations. Some committees also serve as supervisors of the service departments and agencies in their jurisdiction. Thus, County Boards have a dual role - legislative, by making policy decisions through resolutions, ordinances and other actions; and administrative, by supervising county administration through committee work.

The County Board must hold an annual meeting in November, mainly to adopt the annual budget. County government relies on property taxes, state-shared taxes and a variety of state and federal aids to finance county government activities. For some services, such as mental health, state aids reimburse most of the money. Certain county services (such as the Sheriff's Department) are financed mainly by county general revenues, principally shared taxes and local property taxes.

The County Board and the Human Resources Committee have various responsibilities as a major employer within their respective counties.
