INSIGHT INTO YOUR HEALTH

YOUR HEALTH BY THE NUMBERS

Your annual biometric screening is a way to say you care about your health and your family. It can lift you from Blue Status to Bronze. And it's worth 2,000 Points and Bucks in your Go365™ account.

The screening is a set of quick checks:

- Cholesterol
- Blood glucose
- Body mass index
- Blood pressure
- Waist circumference
- Height and weight

Your screening will give you a better understanding of your health. Based on your results and your Health Assessment responses, you'll get Recommended Activities for areas where you may want to make changes to improve your health. And you'll learn your Go365 Age, a measure of whether you're living older or younger than your actual age.

To fast or not to fast?

You don't have to fast (nothing to eat or drink but water for nine to 12 hours before your screening), but for accuracy it's strongly recommended. Refer to your Physician or healthcare practitioner if you are uncertain whether you should fast.
